Mulamuleli Mammba

Software Developer

About Me

Enthusiastic software developer with a Diploma in Information Technology in Software Development. Passionate about technology and problem-solving, with experience in building Android apps, websites, and budget management tools. Proficient in using various operating systems, software testing, and database management. Frequently served as a group leader during my studies, demonstrating strong leadership and teamwork skills. I am seeking to leverage my skills and knowledge in a dynamic and growth-oriented environment.
